### **Statement of Accounting Policies**

#### 31 March 2015

#### **Accounting Convention**

The accounts have been prepared in accordance with the Accounting Guidance Notes for Local Councils (the Guide) issued by The Chartered Institute of Public Finance and Accountancy (CIPFA) as applicable to a medium sized council.

These accounts have been prepared having regard to the fundamental accounting concepts of: Going Concern, Prudence, Accruals, Relevance, Consistency, Reliability, Comparability, Understandability and Materiality.

The accounts have been prepared under the historical cost convention.

#### **Fixed Assets**

All expenditure on the acquisition, creation or enhancement of fixed assets is reported in the notes to the accounts, provided that the fixed asset yields benefits to the authority and the services it provides for a period of more than one year. Fixed assets are valued on the basis recommended by CIPFA. The year end values are stated on the following basis:

land, operational properties and other operational assets are reported in notes to the accounts cost (where known) or at insurance values current when first reported as approximating to the lower of net replacement cost and net realisable value at that time (previously reported at current insurance values)

all other assets are included at historical cost except that certain community assets are the subject of restrictive covenants as to their; use and /or future disposal. Such assets are therefore considered to have no appreciable realisable value and are included at a nominal value only.

#### **Revenue Grants**

Revenue grants are credited to income when conditions attached thereto have been fulfilled and/or equivalent expenditure has been incurred. Grants received in respect of which the conditions have not been fulfilled, or expenditure incurred, are carried forward as deferred revenue grants.

#### **Investments**

Investments are included in the balance sheet at historic cost and realised gains or losses are taken into the income and expenditure account as realised.

#### **Debtors and Creditors**

The council reviews the level of its commercial debtors on a regular basis and provisions are made, as required, where the likelihood of amounts proving ultimately collectable is in doubt.

#### Value Added Tax

Income and Expenditure excludes any amounts related to VAT, as all VAT suffered/collected is recoverable from or payable to HM Revenue and Customs. Any amounts not so recoverable are treated as a separate expense.

#### **External Loan Repayments**

The council is not required by the Guide to incorporate external borrowings in its Balance Sheet. Details are shown at note 12.

#### Leases

The council is not required by the Guide to incorporate Hire Purchase and/or Finance Lease obligations in its Balance Sheet. Details are shown at note 11

#### Reserves

The council maintains certain reserves to meet general and specific future expenditure. The purpose of the council's reserves is explained in note 13

#### **Interest Income**

All interest receipts are credited initially to general funds.

### **Statement of Accounting Policies**

### 31 March 2015

#### **Pensions**

The pension costs that are charged against precept in the council's accounts, in respect of its employees, are equal to the contributions paid to the funded pension scheme for those employees.

These contributions are determined by the fund's actuary on a triennial basis and are set to meet 100% of the liabilities of the pension fund, in accordance with relevant government regulations.

The next actuarial valuation is due at 31st March 2016 and any change in contribution rates as a result of that valuation will take effect from 1st April 2017.
