## Corsham Climate Action

Formally known as *Transcoco*, Corsham Climate Action are creating local solutions to global challenges: climate change, loss of biodiversity, pollution and food security.

A not-for-profit association run by volunteers and funded by membership subscriptions, grants and sponsorship.

Working in collaboration with Wiltshire Council, Corsham Town Council, local parish councils and community groups.

Operating in the Corsham Community Area, including Corsham, Colerne, Box, Gastard, Lacock, Neston, and surrounding hamlets.

**For more information and to find out how to get involved, visit our website.**

[www.corshamclimateaction.org.uk](http://www.corshamclimateaction.org.uk)

[corshamclimateaction@gmail.com](mailto:corshamclimateaction@gmail.com)

Corsham Climate Action is a member of the Transition Network

**Look out for the Corsham Climate Action stall at Corsham Town Council events during the year:**

- A Taste of Corsham
- The Summer Fete
- The Autumn Street Fair
- The Christmas Lights Switch On

The state of our environment has never been so important and individual actions really do count in the fight against climate change.

## Reduce, re-use, recycle

Reducing the amount of waste we generate is obviously our first goal. Followed by re-use and recycling, which saves the planet's precious resources, and in many cases raises money for charity too.

This guide lists Corsham businesses which are helping residents to do just this.

Check out our **Corsham Recycling Hub** where, via various innovative Terracycle schemes, you can recycle for *Wiltshire Air Ambulance* and *Marie Curie*. As well as recycle spectacles for the *Lions' Recycle-for-Sight project*.

**Save the planet, and raise funds for charity**

## Corsham Recycling Hub

Springfield Community Campus, Beechfield Road, Corsham SN13 9DN

**Weds** 10am–7pm

**Fri** 10am–4pm

**Sat** 10am–4pm

*Corsham Climate Action* has worked with *Wiltshire Council* to set up the Recycling Hub, supported by *Corsham Town Council*, *Corsham Environment Task Group* and *Co-op Martingate*.

### Recycling Schemes

Full details on our Corsham-Recycling-Hub Facebook page.

- Biscuits/snacks packaging
- Bread bags
- Confectionery packaging
- Co-op soft plastics
- Crisp packets
- Ink cartridges
- Make-up and personal care packaging
- Medicine blister packets
- Oral care packaging
- Pringles tubes
- Spectacles/sunglasses
- Writing instruments

Please ensure that all recycling is clean and dry. At the Hub, please empty out bags and place recycling in the individual scheme bins.

### Hub volunteers and recycling champions needed

Hub volunteers are needed to sort, box and transfer recycling to onward hubs. We also need as many recycling champions as possible in the community; people who can encourage friends, neighbours and relatives to recycle more, both in their kerbside recycling, at the Hub and elsewhere. They could act as mini-Hubs in their road or local area, or even start a collection box at their workplace or local club or group.

For questions about recycling in Corsham or to become a hub volunteer or recycling champion, please contact:

**Cllr Jane Roberton** on **07929 996729**.

## Terracycle

### What is Terracycle?

TerraCycle is an innovative recycling company that recycles typically hard-to-recycle waste, by partnering with various manufacturers. It offers a range of free recycling schemes which enable individuals and groups to collect waste for recycling, send it off to Terracycle and raise funds for charity depending on how much is collected.

### What is Recycle For Wiltshire Air Ambulance

Recycle for Wiltshire Air Ambulance is a group of volunteers who collect recyclable waste for Terracycle, to raise funds for *Wiltshire Air Ambulance*. Corsham Recycling Hub is part of this group.

## Terracycle Hubs

See website for full details of what can be recycled for each Terracycle Programme. [www.terracycle.com/en-GB/brigades](http://www.terracycle.com/en-GB/brigades)

## Co-op Soft-plastic-packaging Scheme

**Recycled by Co-op at their Co-op Martingate store and at Corsham Recycling Hub.**

*All Co-op own-brand food packaging can be recycled.*

*While we will accept soft plastics from any retailer or brand, we cannot guarantee that such third-party packaging will be recycled. Some of the more technical materials will have multiple layers, the composition of which we cannot be certain of, and these may end up being incinerated to produce energy. However, the majority of third-party soft plastic will be made from materials which will go to be recycled within our scheme.*

*Please note that the labelling on packaging may not be up to date with the soft-plastics recycling scheme. As such, not all soft plastics will currently be labelled as recyclable. We are working hard in this space to ensure that labelling is clear, and hope to bring an updated label early next year.*

### Clean it

First, rinse your packaging out.

### Scrunch it

Now, scrunch it up tight – if it pings back, it's a useful indicator it's soft plastic.

### Co-op it

Pop it into our soft-plastics recycling unit at a Co-op near you or drop it off to Corsham Recycling Hub and we'll pass it on.

## Kerbside Recycling

Have you checked recently what you can place in your kerbside recycling? See [www.wiltshire.gov.uk/recycling](http://www.wiltshire.gov.uk/recycling) for an up-to-date list.

## Composting

### **Nature's way of recycling**

Amazingly, up to 50% of the rubbish we throw away can be composted.

Setting up a compost bin can be really easy and inexpensive – obtain free wooden pallets from local Facebook groups, screw/nail together and off you go.

Aim for a 50/50 mix of green and brown materials, and turn occasionally. Even if you don't want the compost, you're keeping waste from going to landfill and the level will keep composting down so you can keep adding to it.

### **How to Make Compost**

[www.gardenersworld.com/how-to/maintain-the-garden/how-to-make-compost](http://www.gardenersworld.com/how-to/maintain-the-garden/how-to-make-compost).

Or, buy a discounted Green Johanna food waste compost bin for £50 from Wiltshire Council and compost ALL cooked and uncooked food waste including meat, fish, bones, dairy products, vegetables and fruit, as well as garden waste.

### **What to add**

#### **Greens**

- Tea bags
- Grass cuttings
- Vegetable peelings, salad leaves and fruit scraps
- Old flowers and nettles
- Coffee grounds and filter papers
- Spent bedding plants
- Rhubarb leaves
- Young, annual weeds eg Chickweed

#### **Browns**

- Crushed egg shells
- Egg and cereal boxes
- Corrugated cardboard and newspaper (scrunched up)
- Toilet and kitchen roll tubes
- Garden prunings
- Dry leaves, twigs and hedge clippings
- Straw and hay
- Bedding from vegetarian pets
- Ashes from wood, paper and lumpwood charcoal
- Sawdust and wood clippings
- Wool
- Woody clippings
- Cotton threads and string (made from natural fibre)
- Feathers
- Vacuum bag contents

- Old natural fibre clothes (cut into small pieces)
- Tissues, paper towels and napkins
- Shredded confidential documents
- Corn cobs and stalks

*Also add packaging which has the home-composting logo on it, eg some coffee pods, and Co-op carrier bags, which are now all home-compostable and can be used as liners in your kitchen-waste bin.*

### What not to add

- Diseased plants
- Perennial weeds
- Cooked food
- Citrus (worms don't like it)
- Raw meat
- Dairy products
- Gloss or heavily-coloured paper
- Ash from coal fires
- Cat/dog waste
- Autumn leaves (*best used to make leaf mould*)

### Local peat-free compost

If you need to top-up, or prefer to buy compost, then look for PEAT FREE compost.

*Available locally at:*

- Corsham Hardware
- Co-op (*Martingate*)
- Lowden Garden Centre
- Whitehall Garden Centre

*If you are looking to buy locally-produced compost then it is worth contacting Hills Waste, who compost all of the garden waste from our green bins. You can buy in bulk or 30 litre bags, and they will also deliver.*
