- For comment and to appoint representatives to attend the appeal inquiry.

8. Wiltshire Council Update on Planning for Gypsies and Travellers

Wiltshire Council is currently preparing a Gypsies and Travellers Development Plan Document (DPD) that will address the accommodation needs of travellers, with both permanent sites for new pitches and temporary sites for emergency stopping. It will update policy in the current Local Plan and, once adopted, will be used to determine planning applications.

Wiltshire Council held a [public consultation on the draft DPD](#) between August and October 2024. However, the DPD was not submitted to the Secretary of State for Housing, Communities and Local Government for examination in early 2025 as envisaged.

Instead, Wiltshire Council decided to take more time to consider responses to the consultation. This delay has meant that the DPD will need to be reviewed to ensure that it is consistent with new national planning policy issued in December 2024. One of the main changes to national policy is the definition of travellers in the Government's [Planning policy for traveller sites](#). The change means that those households within the area that no longer or have never travelled are now included within the definition. The effect of this is to increase the number of pitches that Wiltshire Council need to plan for. Wiltshire Council is in the process of updating the Gypsies and Travellers Accommodation Assessment to show how the change to the definition affects the figures and will publish this when it is ready.

As part of the review of the DPD, Wiltshire Council are reopening the 'call for sites' for land that could be assessed in more detail as part of plan development. It would be interested to hear from you if you know of any land that could be suitable as a traveller site within your parish. Or might there be land in your ownership that you wish to put forward? Securing land that is proposed by communities tends to reduce tension with local residents as the DPD progresses towards adoption and is therefore an important part of the process.

As a general guide, Wiltshire Council is interested in land that benefits from direct access to the highway network and lies within a reasonable distance to services such as a primary school and a doctor's surgery. You may have conducted site assessments of potential land for development as part of a neighbourhood plan that could be considered.

Further, if you can point Wiltshire Council in the direction of any new traveller sites that you are aware of, please do so, as this would assist its review of identified need and help ensure it is not double counting need. Many of Wiltshire's traveller sites are identified in the draft DPD at Appendix 2, which may be of interest.

If you are interested in responding to the 'call for sites', please fill in and submit the ['call for sites' form](#) to strategicplanning@wiltshire.gov.uk.

If you wish to discuss this further or advise more informally on possible sites within your parish, you can contact the Strategic Planning Team by email or by calling 01225 713223.

Please note that the 'call for sites' deadline is **Friday 21 November 2025**.

Wiltshire Council intends to hold further public consultation on a revised DPD in the second quarter of 2026 as set out in the recently updated Local Development Scheme, which it informed you about [last month](#).
